NEW JUGGLER FIELD

The schedule and plans for the Juggler field are complete, and the school is aiming to complete the project for spring training, and certainly before the end of this current school year! The original Notre Dame redevelopment plans, as they relate to the field are being followed – with significant upgrades and improvements to the field's design, seating and parking facilities and landscaping. Notre Dame will have a football/sports stadium with an all-weather athletic field (not simply a sports field). The stadium seating will be sufficient for the entire ND student body to watch a game 1,500-2,000 can view an event. Notre Dame's teams will soon have the "shortest" walk from their custom designed locker rooms to their home field – of any team. In conjunction with the construction of the sports field/stadium, will be completion of the Notre Dame Parking facilities and landscaping. This will complete the Notre Dame School Building Project. Notre Dame will become a true collegiate campus. This fall, Notre Dame will play/defend its home field.

Notre Dame gives thanks to our entire community including alumni, current and past parents, students, and staff. The school also recognizes an invaluable member of our Juggler community: Mr. William P.J. McCarthy – the loyal builder of our school and Project Manager of the Notre Dame Building Committee. Notre Dame Regional Secondary offers sincere and heartfelt gratitude to Mr. McCarthy's generosity, hard work, commitment and dedication towards the completion of our school campus.

ND Alumni Production a Success!

Alan Charlton and the alumni cast of Agatha Christie's mystery "The Unexpected Guest" would like to thank everyone who came out to see the play. Many people expressed how much they enjoyed it. This was the last production by Alan Charlton who will be retiring in June this year. Alan rewrote the ending of the play himself so that it was uncertain who committed the murder; it was up to the audience to decide. Every character got at least one vote as the killer, excluding the Inspector, but including the Sergeant who helped investigate the crime! "The Unexpected Guest" Whodunnit? winner was Carmela Kramer who chose Michael Stark.

Without exception, audiences were impressed with the quality of the acting and the overall quality of the production. All three shows were very

well attended: many people enjoyed the play so much they saw it more than once! The production raised more than \$3000 dollars for the school. Some of the proceeds went toward the purchase of a new portable bar used for social events and Alumni events such as reunions and Trivia Night. It will certainly be an improvement over the crates and board arrangement we used in the past!

Alan and the rest of the cast would also like to thank everyone in the ND community for helping with the production, sets, lighting, gifts, and organizing the cast party. This includes students who helped with the lighting, and staff who supported the play with their time and energy, especially Jessica Isherwood and Bayu Dharmasetia.

Alan and the cast were sad when the production was over; they missed the rehearsals and the socializing that when along with them. Alan mentioned "On *continued...*

the Sunday after closing, I could hardly drag myself off the couch. I really felt all of my 81 years. However, my overriding emotion is one of gratitude to everyone involved. As I mentioned to some of you at the cast party, I do not think many high schools could pull off such a production. It speaks volumes for the Juggler spirit, which is so alive and well in all of you. And you made an old man very happy.” It had been the intention of the company to remount the play later in the year, but it was impossible to find a date when it did not clash with previously scheduled school events.

Trivia Night

The 20th Notre Dame Alumni Association Trivia Night was held on Feb. 17th. It was a great evening of food drinks and trivia. Pasta dinner from the “Three C’s” was wonderful as usual. We had 10 teams compete for prizes donated by the Alumni.

The Team “Blink Twice, Melania” came in first place, with the Notre Dame Staff Team called “Staff Infection” placing close second. The event raised over \$1,300 for the school.

1986 Reunion

Five years ago I wrote about the Class of 1986’s 25th Grad Reunion for this ND Alumni Newsletter. I ended with the line, “Looking forward to our 30th!” Well, on November 5th in the new Phase II part of Notre Dame Regional Secondary School, close to 50 Grads of ’86 (one all the way from Philadelphia!) gathered for an evening full of food, drinks, prizes, laughs and socializing. It was great to see some teachers there as well. Memories were shared and lots of ‘catching up’ was done. A slide show displaying photos of 30 years ago really helped highlight the ‘changes’ (all for the better, of course!) that have occurred over the years. Many photos were taken throughout the night, with a particular one of all the grads who have children currently attending Notre Dame (see attached). The JUGGLER tradition continues! Thanks to the organizing committee of Mary Anne Gabriele (DiSpirito), Dennis Ripoli, Vicki Barichello, Dino Geremia, Rosa Rizzo (Giannico) and Lisa Bond (Gabriele) a good time was had by all! Over \$1100.00 was raised and donated back towards the development of the new FIELD!
